no, just a bunch of tax ads and sales in the 50's for 12 ac Olive (a/k/a/ Alvin) Brown land..... I'm getting a deja-vu thing off of the Olive- Alvin name mistake... I have seen that before..... while I have you, what about Earlin's wife Lucinda M. Fowler.... maybe we should try to get her maiden name....?

> On Wednesday I met with Attorney Ganz and Cathy Mills. Here is a draft plan by Henry Boyd with a possible resolution of the boundary line and lot issues. Take some time over the weekend to review the plan. Cathy understands that she has no legal source of title without filing an equity action in the Court and proving her ownership by adverse possession and payment of taxes. Equity litigation is expensive. The lot owner adjacent to the Mills lot also has a title problem. You do not have a title problem, but the boundary line issue is in questions. I will speak with you next week.

If you file for an eviction and prevail, she will have to move and the bad boy friend along with her.

Hi Mike,
Please understand that I trust in what you are doing 100% but I need some peace of mind here at my home,is there a way to make something happen here this week as far as telling Mary to speak to Kathy and tell her they need to stop and stay over in there own area.I just am not the type of person to keep sitting back it is eating me up inside and I need to be in my best shape for this surgery and there is a 3-4 month recovery period.George is a wreck and I'm really worried about him as I will be staying in the hospital for 4 days and You may say to start legal actions and I feel it is time to start some type of legal action so that this behavior stops.
Please call or email and let me know what the out come is with Mary Ganz.
I don't have a problem shoveling everything back over there I just feel he is doing what he wants here and nothing's happening to him,are you ok with me acting on this too?

I will pay for your time on anything you do I just need this to stop here and I go in for surgery Feb 3.
